Creation of file list, update of fonds-level description.

---

## Administrative history / Biographical sketch

---

### Note

The United Electrical, Radio and Machine Workers of America was established in 1936, with the first Canadian local in Toronto created the following year. The union, long considered on the left-wing of Canadian labour unions, was dismissed from the Canadian Congress of Labour in 1949 for suspected Communist ties and it was not until 1973 that the union was re-admitted to the Canadian Labour Congress. The UE had forty-seven locals in Canada (1993) including locals in Toronto, Guelph, Peterborough and Montreal. In that year decreasing membership lead to an affiliation with the Canadian Auto Workers.

---

## Scope and content

---

The fonds documents the activities of the United Electrical, Radio and Machine Workers of America and some of its locals for the period, 1941-1978.

## Notes

---

### Arrangement

Files have been left in the order received when they were transferred to the archives. Due to the quantity of files and items, the archivist determined that arrangement into a series structure would further delay the processing of these records, which had remained unprocessed for over 20 years after acquisition.

### Restrictions on access

Access is restricted. Written permission to view the material must be obtained from the Secretary-Treasurer of the UE and directed to the University Archivist.

### Related material

Library and Archives Canada holds its own United Electrical, Radio and Machine Workers of America fonds (R1268-0-6-E, MG28-I190): <http://central.bac-lac.gc.ca/redirect?app=fonandcol&id=105476&lang=eng>

### Accruals

The fonds comprises the following accession: 1984-018. Further accruals may be expected.

### Other notes

- **Publication status:** Published
- **Level of detail:** Full
- **Status description:** Final
